SEEDS changes the lives of motivated, high-achieving students from low-income families by transforming their educational opportunities. We ensure that our students have the knowledge, skills, access and support to thrive at the nation's finest schools and colleges.

SEEDS AT A GLANCE

Access Changes Everything™

Founded in **1992** to address educational disparities for students from low-income households.

The average annual income of a SEEDS family is **\$39,944.**

SEEDS invests **\$17,000** into the education of each scholar.

Scholars typically earn **\$450,000+** in tuition assistance from the schools they attend.

The median percentage of tuition costs covered through grants and scholarships is **95%.**

100% of SEEDS College Scholars in the Class of 2025 were admitted to selective colleges and universities.

Young Scholars Program

The Young Scholars Program is a 14-month program that prepares fifth and sixth-grade students for placement in selective middle schools with two summer sessions and Saturday classes throughout the school year.

Scholars Program

The Scholars Program is the organization's oldest and largest initiative. The 14-month program – over two summers and the Saturdays in between – prepares eighth-grade students for placement in selective high schools.

College Scholars Program

The College Scholars Program is designed to prepare and place top performing students from eligible public high schools into highly competitive colleges. The 17-month program takes place Saturdays during students' junior years, continues with a three-week residential summer session the summer before twelfth grade, and concludes with Saturday classes during students' senior years.
